

SAHAYA JEFIRIN MAGLIN

FRONTEND DEVELOPER

Dubai,UAE | +971 54 155 2796 | sahayajefrin123@gmail.com | LinkedIn: sahaya-jefrin-maglin07

PROFESSIONAL SUMMARY

Creative Frontend Developer specializing in building modern, scalable web interfaces with React, TypeScript, Next.js and JavaScript. Focused on writing clean, efficient code, optimizing web application speed and creating intuitive user interfaces. Skilled in REST API integration, Git/GitHub version control workflows and modern UI frameworks to build seamless, cross-browser compatible user interfaces.

TECHNICAL SKILLS

- **Languages & Core:** JavaScript, TypeScript, HTML5
 - **Frameworks & Libraries:** React.js, Next.js
 - **UI & Styling:** Tailwind CSS, Responsive Web Design, Flexbox/CSS Grid
 - **APIs:** RESTful API Integration
 - **Tools & Workflow:** Git, GitHub, npm, VS Code
-

WORK EXPERIENCE

Frontend Developer Intern | I - Tech Software Academy

Jan 2026 - June 2026

- Developed and maintained responsive, web applications using React,Next.js TypeScript and HTML5/Tailwind CSS.
- Integrated RESTful APIs into frontend components to fetch and render dynamic data, improving component efficiency.
- Implemented modern, mobile-first styling utilizing Tailwind CSS to ensure cross-device consistency.
- Managed version control and codebase updates using Git and GitHub in a collaborative team environment.
- Participated in code reviews and debugging sessions to optimize web performance and fix UI issues.

PROJECTS

Bakery Website Frontend Application

- Designed and developed a fully responsive e-commerce web interface for a bakery, utilizing HTML5, CSS3, and JavaScript to showcase products and store services.
- Interactive frontend application featuring dynamic menu browsing, custom product showcases, and dynamic item selection.
- Executed form validation and dynamic user interactions using JavaScript event listeners and DOM manipulation without relying on external libraries.
- Utilized modern CSS layout techniques (Flexbox and CSS Grid) to craft visually engaging user interfaces with custom hover effects and smooth layout transitions.

BizPulse - Business Intelligence Platform

- Architected and developed a full-featured Business Intelligence dashboard using Next.js, React and TypeScript to visualize real-time business metrics and analytics.
- Implemented interactive data visualization charts and reporting graphs utilizing Recharts, enabling users to track key performance indicators (KPIs) through dynamic datasets.
- Designed a modern, fully responsive dashboard UI leveraging Tailwind CSS, ensuring a seamless, mobile-optimized experience with customizable layout components.
- Leveraged TypeScript to enforce strict static typing and interfaces across complex data models, significantly reducing runtime errors and improving codebase reliability.

EDUCATION

Master of Computer Applications

Scott Christian College | 2024 - 2026

Bachelor of Science in Mathematics

Holy Cross College | 2021 - 2024
